

Department: Programs and Services
Section: Programs

The Annapolis Valley Regional School Board believes that students should be enrolled in the school that serves their community (Home School). However, there may be extenuating circumstances under which the transfer of a student to another school within AVRSB would be beneficial (Transfer School)

Therefore, student transfers may be approved within certain conditions and restrictions.

Principals of the Home School and Transfer School shall consider requests for student transfers in accordance with the Board's Student Transfer Requests within AVRSB Administrative Procedure. **An approval requires the signatures of both Principals for each student transfer request.**

Note: This policy applies to student transfers to and from schools within AVRSB. All student transfers to and from another school board must be referred to the Office of the Superintendent for consideration.

Monitoring:

- The Director of Programs and Services is responsible for the implementation, monitoring and revision of this policy.
- This policy will be monitored annually.
