

Individual Program Plan (IPP) Development Board Policy

BP 403.5

Department: Programs and Services
Section: Special Education

The Annapolis Valley Regional School Board believes that an Individual Program Plan (IPP) becomes necessary when the outcomes of provincially approved curriculum must be changed, deleted or added to meet the needs of the student.

Therefore, when curriculum outcomes are not applicable, attainable, or when outcomes have been deleted or added, an Individual Program Plan for the student will be developed and implemented by the Program Planning Team.

Specifically:

- The Director of Programs and Services will be responsible for the implementation, monitoring and revision of the policy.
- The policy shall be reviewed annually.
